Requirements for the Demo Presentation for the Paper: *"Which Explainability Method Should I Use? EvalxNLP: A Framework for Benchmarking Explainability Methods on NLP Models"*:

- We plan to present the demo as a pre-recorded video.

- The video will showcase the key features and functionality of the system, ensuring a clear and concise explanation of the demonstration.

- There are no special requirements needed for the presentation.

- The availability of a monitor (screen) to show the video is appreciated.
